

# Package: EnsCat (via r-universe)

October 21, 2024

**Type** Package

**Title** Clustering of categorical data

**Version** 1.0

**Date** 2016-5-14

**Author** Saeid Amiri, Bertrand Clarke and Jennifer Clarke.

**Maintainer** Saeid Amiri <saeid.amiri1@gmail.com>

**Depends** stats, utils, dendextend, graphics, ggplot2, ggdendro, seqinr,  
Rmixmod, R (>= 3.2.4)

**Description** This package implements the clustering methods of  
categorical data discussed in Amiri, S., Clarke, B. and Clarke  
J. (2015). Clustering categorical data via ensembling  
dissimilarity matrices. arXiv:1506.07930.

**License** GPL (>= 2)

**LazyLoad** yes

**Repository** <https://jlp2duke.r-universe.dev>

**RemoteUrl** <https://github.com/jlp2duke/enscat>

**RemoteRef** HEAD

**RemoteSha** a03b03e9b522d8f5f10f31eede1a74d57d79f004
